*Basically everything from the interior paint of your residence outward is covered by the Homeowners Association insurance and is maintained by the association. It is strongly recommended that each owner obtain an insurance policy from the company and agent of their choice to insure their belongings, as well as to insure against FIRE AND LIABILITY claims, etc., as they relate to the inside of the residence. This is commonly referred to as a "CONDOMINIUM HOMEOWNERS POLICY." Please contact your insurance agent for more specific details and coverage options.

Insurance costs per residence are determined at \$.03 per square foot per month

Your unit # _____ has _____ square feet X .03 = \$ _____
